The diagram illustrates the relationship between three source files. At the top is a header file, 'Deliverable_3/GolombDecoder.hpp', which is highlighted with a gray background. Below it are two source files: 'Deliverable_3/Golomb_Decoder.cpp' on the left and 'Deliverable_3/unit_tests.cpp' on the right. Two blue arrows point from the source files up to the header file, indicating that both source files include or depend on the header file.
